**Population Based Allocations:** \$2,935,656

**Leveraged Claim Award:** \$285,013

**Final 2018 Award:** \$3,220,669

### Colorado

---

**Core Services:** In FFY2017, CBCAP funding supported direct services in communities through two evidence based parenting programs: The Incredible Years and Parents as Teachers. Colorado is highly invested in both programs and utilizes many funding streams to implement them broadly across the state. In partnership with Invest in Kids (IIK), CBCAP supported the implementation of the Incredible Years Program (IY) with seven community agency partners serving a six county area. This investment allowed Invest in Kids to provide site selection, training, coaching, evaluation and fidelity monitoring supports to these communities. IIK supported the high-quality implementation of the IY Parent Program with each of the seven community agencies, delivered through 14 weekly parent group meetings. CBCAP also partially funded the Parents as Teachers (PAT) program, in partnership with the Colorado MIECHV program, to implement programming through four community agencies.

Other CBCAP funded awareness, workforce development and systems building activities include:

- The OEC collaborated with Illuminate Colorado, the Colorado Chapter of Prevent Child Abuse America, to expand Pinwheels for Prevention programming and deepen partnerships for Child Abuse Prevention Month in April 2017.
- In April 2017, Governor Hickenlooper launched the Colorado Child Maltreatment Prevention Framework for Action to set state priorities and guide local communities in creating focused and integrated plans to prevent child maltreatment and promote child well-being.
- The Denver Indian Family Resource Center (DIFRC) makes a point to adjust and adapt its services to be relevant to tribal cultures. This year, DIFRC was contracted to provide outreach and coordinated case management to American Indian/Alaska Native families. They also facilitated a monthly meeting with a network of providers serving the AI/AN population to increase cultural competency and efficacy.
- During this grant year, CBCAP funds were used to conduct a needs assessment describing the experiences and needs of veteran parents and their partners in Colorado. The topics included in the analysis were broadly related to the experience of parenting as a veteran or the partner of a veteran.
- CBCAP funded a pilot project implementing Circle of Parents, an evidence informed parent support group model, for parents in substance use recovery in four family resource centers.
- In 2017, CBCAP provided support to the Early Childhood Colorado Partnership (ECCP) which has developed a shared messaging bank around preventing and mitigating toxic stress in early childhood. The funds supported the training of messaging mentors that could help interested early childhood organizations integrate these messages into their communications. In addition, the ECCP made revisions to the shared messaging bank online platform to increase usability and developed an evaluation plan for the shared messaging work.

**Population Based Allocations:** \$407,238

**Leveraged Claim Award:** \$417,089

**Final 2018 Award:** \$824,327

# Community-Based Child Abuse Prevention 2018 State Core Services, Allocations and Awards

## Georgia

---

**Core Services:** The Georgia Division Of Family & Children Services, Prevention and Community Support Section administers several competitive grant programs. CBCAP funds support: (1) First Steps Georgia mini-grant program and (2) Second Step school-based violence prevention curriculum. CBCAP funds also help support general Child Abuse and Neglect Prevention grants and training, technical assistance and evaluation for statewide initiatives such as: Strengthening Families Georgia, Parent to Parent of Georgia (P2P), Better Brains for Babies (BBB) Initiative, Prevent Child Abuse Georgia (PCA Georgia), Georgia Family Support Network, Georgia's State of Hope Initiative, Georgia Essentials for Childhood, Child Abuse and Neglect Prevention On-line Training Initiative, and Darkness to Light Stewards of Children Training.

**Population Based Allocations:** \$810,859

**Leveraged Claim Award:** \$28,406

**Final 2018 Award:** \$839,265

## Hawaii

---

**Core Services:** Technical assistance. Developing a CAN prevention surveillance system accessible to anyone to facilitate access to local and national data for planning, implementing, and evaluating public health practice, and to provide actionable health information to guide public health policy and program.Training. Sponsoring and co-sponsoring trainings on adverse childhood experiences (ACEs), resilience, protective factors, and trauma-informed and trauma-responsive care to promote safe, healthy, and respectful relationships within families.Communication/Messaging. Developing a communication campaign framework to build awareness of all forms of family violence - including child neglect, child abuse, and intimate partner violence. The campaign will launch through a series of annual themes that build on one another. Together the themes build understanding of early childhood development and the impacts of violence on developmental and family-level outcomes, promote more effective caregiving interactions and ultimately reduce violence. Each theme will include a range of resources, i.e. slide deck, hardcopy materials, fact sheets, etc. Skill building Support building the capacity of coalition partners to collaborate and coordinate CAN prevention activities; Support increase knowledge of parenting skills and how to talk with parents about strengthening health relationships within the home; increasing parental empowerment and advocacy skills.

**Population Based Allocations:** \$200,000

**Leveraged Claim Award:** \$215,271

**Final 2018 Award:** \$415,271

## Community-Based Child Abuse Prevention 2018 State Core Services, Allocations and Awards

### Idaho

---

**Core Services:** Idaho Children's Trust Fund (ICTF) provides funding, training and technical assistance to a network of community-based organizations and public agencies working to strengthen families to prevent child abuse and neglect. In addition, we convene those groups and others to share and learn about best practices and opportunities for collaboration. ICTF also initiates campaigns to build awareness and educate the public. During the year we exercised that role by continuing to build on our three main initiatives of child sexual abuse prevention (Stewards of Children), Strengthening Families™ integration through training and strategic funding, and Hope Conquers ACEs, a statewide training initiative on the power of positive experiences in mitigating the effects of trauma and Adverse Childhood Experiences as well as preventing child maltreatment from occurring in the first place. Funded programs served Latino, refugee, low-income and rural families within the context of those initiatives.

**Population Based Allocations:** \$200,000

**Leveraged Claim Award:** \$2,819

**Final 2018 Award:** \$202,819

### Illinois

---

**Core Services:** Family Support (primary prevention, parenting classes, public awareness, home visitation, Strengthening Families Protective Factors, respite and education). Ninety Four percent (94%) of funds were granted to 10 agencies implementing the following evidence-based programs: Happiest Baby on the Block, Participation Enhancement Intervention; 0-3 Nurturing Parenting; Darkness to Light - Stewards of Children; ARCH National Respite Network Center-Based Crisis Nursery Model; Parents Care and Share - Circle of Parents' national network of mutual self-help groups; Strengthening Families through Early Care and Education and Community Coalition Building and Primary Prevention. 6% of the funding was granted to an agency with evidence-informed family support model, Children Affected by Aids Camp Network Program.

**Population Based Allocations:** \$944,703

**Leveraged Claim Award:** \$74,377

**Final 2018 Award:** \$1,019,080

### Indiana

---

**Core Services:** Community Partners for Child Safety (CPCS) and Datatude. Community Partners for Child Safety is a secondary prevention program that is available Statewide. CPCS is a home based program that focuses on increasing protective factors and connecting families to informal/formal supports in the community to strengthen and improve family functioning. The CPCS providers use several evidence based practices depending on the family's needs and community preference including Motivational Interviewing and Strengthening Protective Factors framework. Datatude is the data collection system.

**Population Based Allocations:** \$508,639

**Population Based Allocations:** \$843,347

**Leveraged Claim Award:** \$72,284

**Final 2018 Award:** \$915,631

### Oklahoma

---

**Core Services:** Home visitation (e.g., Nurse Family Partnership (NFP) and Parents As Teachers (PAT)), parenting groups and parent/child training (The Incredible Years, Circle of Parents (COP), and Parent-Child Interaction Therapy (PCIT)), trainings for professionals and others interested in prevention, child abuse prevention awareness efforts and other special projects.

The FSPS also coordinates the Home Visitation Leadership Advisory Coalition (HVLAC) created in 2002 and continuing today in an effort to bring all Oklahoma home visitation programs together to collaborate by sharing information, working collectively on projects and hosting guest speakers relevant and critical to the field.

## Community-Based Child Abuse Prevention 2018 State Core Services, Allocations and Awards

Home visitation: CBCAP provides support for the Parents As Teachers Program and the Nurse-Family Partnership Program (referred to as Children First locally).

The Incredible Years, COP and PCIT were part of the services offered with CBCAP funding through the Child Guidance Service at OSDH often working jointly with the FSPS as they did during FFY 2016.

Trainings for professionals and others: Required NFP and PAT training were provided. In addition, CBCAP funds were used to support statewide conferences and coalitions.

Child abuse prevention awareness: The FSPS facilitates the running of specific prevention commercials every April on various stations throughout the state;

The OSDH/FSPS partners with Moroch Advertising on McDonald tray liners in celebration of “National Family Month” for two weeks every June to promote components of child abuse prevention (at no cost - there are typically over half a million tray liners utilized in almost 200 locations with a prevention message crafted by FSPS that changes yearly; and

The FSPS created and distributed new English and Spanish Hotline Reporting Cards statewide – both electronic and hard copies of the fold over card were made available. Not only does the card provide the definition of Oklahoma’s mandated reporting law and the correct procedures for reporting suspected or known abuse, it also talks about “supporting parents in public” with a few examples.

The FSPS also created and coordinates the Child Abuse Prevention (CAP) Action Committee, which is a large collaborative group of individuals from several different programs, agencies, universities, the private sector and more, working together to steer primary prevention projects including activities and campaigns for April, National Child Abuse Prevention Month.

Other special projects: CBCAP funds supported the PARENT PREP: For Babies Cry Home Visitation Lesson Plan along with accompanying materials (purchasing 2,325 Period of Purple Crying DVDs, and assorted refrigerator magnets, diaper bag tags and brochures that include the prevent abusive head trauma message).

**Population Based Allocations:** \$310,464

**Leveraged Claim Award:** \$310,092

**Final 2018 Award:** \$620,556

## Oregon

---

**Core Services:** Family Support and Connections (FS&C) services are provided primarily through a home visiting program and include a strengths/needs assessment of the family, the provision of in-home services, resource information and referrals, connections to other community services, advocacy, mentoring and transportation. Case planning is shared between the family, FS&C worker, the TANF case manager and other community resources involved with the family. Individualized, tailored interventions provided by FS&C programs include in-home skill building, parent education and life-skills services. Many of the “in-home skill building” is provided by use of evidence based parenting programs, such as “Parenting Wisely”; “Make Parenting a Pleasure”; and a home visit version of “Strengthening Families.”

**Population Based Allocations:** \$280,471

**Leveraged Claim Award:** \$881

**Final 2018 Award:** \$281,352

## Community-Based Child Abuse Prevention 2018 State Core Services, Allocations and Awards

### Pennsylvania

---

#### Core Services:

## Community-Based Child Abuse Prevention 2018 State Core Services, Allocations and Awards

### Washington

---

**Core Services:** Washington has focused CBCAP funding to building and supporting capacity in several communities around the state focused on Perinatal Mood and Anxiety Disorder (PMADS) and Group-Based Parent Education. Communities funded to develop capacity to families experiencing PMAD are building community coalitions, participating in specialized training and implementing support groups. Communities funded for Group-Based Parent Education are engaging families through programs focusing on building protective factors in families, primarily with young children. The Group-Based Parent Education community capacity-building programs that were funded include the following models: Disciplina Positiva/Positive Discipline, Trust Based Relational Intervention, Fatherhood is Sacred, Conscious Fathering, Positive Indian Parenting, Circle of Security, Love and Logic’s Early Childhood Parenting Made Fun, and Incredible Years. Additionally, Washington utilized CBCAP funding to support Parent Participation in statewide leadership and advisory committees and engaging state systems partners to integrate the Protective Factors and Strengthening Families in policy and programmatic activities.

**Population Based Allocations:** \$526,088

**Leveraged Claim Award:** \$328,628

**Final 2018 Award:** \$854,716
