

## Tentative Population Allocation of CBCAP Funds – FY 2022

**IMPORTANT NOTE:** The following figures represent our best estimate of what each state, Puerto Rico, and the District of Columbia will receive for the population portion of their grant award allocation. These figures are based on a 70 percent formula figure, census figures available, and an assumption that each of the Territories will receive the base amount of \$175,000. These figures could change if census figures are updated, if there are additional set-asides in the appropriation, or if state participation differs from what is predicted at this time. The amount of funds available and population fluctuations have impacted the population distribution amounts for most of the states over last year's estimated allocation.

For purposes of submitting the application, each state may use this amount when calculating its budget and determining the 20 percent matching funds obligation as set forth in section III-G-1 of the PI. Since this amount is only tentative, each state must submit a revised budget to OCAN (at [CBCAP@acf.hhs.gov](mailto:CBCAP@acf.hhs.gov)) to complete the application, no later than October 31, 2022. The revised budget must be based on the actual amount awarded to the state, as verified in the Grant Award letter. For those States providing matching funds in excess of 20 percent, if the excess amount meets the 20 percent requirement of the final grant award, such states do not need to submit budget amendments.
