

CBCAP Program Use of Funds

Section 201(b) of CAPTA provides that funds made available to states under the CBCAP program must be used for the following purposes—

1. developing, operating, expanding, and enhancing community-based, and prevention focused programs and activities designed to strengthen and support families to prevent child abuse and neglect that are accessible, effective, and culturally appropriate, and build upon existing strengths that:
 - A. offer assistance to families;
 - B. provide early, comprehensive support for parents;
 - C. promote the development of parenting skills, especially in young parents and parents with very young children;
 - D. increase family stability;
 - E. improve family access to other formal and informal resources and opportunities for assistance available within communities, including access to such resources and opportunities for unaccompanied homeless youth;
 - F. support the additional needs of families with children with disabilities through respite care and other services;
 - G. demonstrate a commitment to involving parents in the planning and program implementation of the lead agency and entities carrying out local programs funded under this Title, including meaningful involvement of parents of children with disabilities, parents with disabilities, racial and ethnic minorities, and members of underrepresented and underserved groups; and
 - H. provide referrals to early health and developmental services.
2. fostering the development of a continuum of preventive services for children and families, including unaccompanied homeless youth, through state and community-based collaborations and partnerships, both public and private;
3. financing the start-up, maintenance, expansion, or redesign of specific family resource and support program community-based child abuse and neglect prevention program services (such as respite care services, child abuse and neglect prevention activities, disability services, mental health services, substance abuse treatment services, domestic violence services, housing services, transportation, adult education, home visiting and other similar services) identified by the inventory and description of current services required under Section 205(a)(3) as an unmet need, and integrated with the network of community-based family resource and support child abuse and neglect prevention program to the extent practicable given funding levels and community priorities;
4. maximizing funding through leveraging of funds for the financing, planning, community mobilization, collaboration, assessment, information and referral, startup, training and technical assistance, information management and reporting, reporting and evaluation costs for establishing, operating, or expanding community-based and prevention-focused programs and activities designed to strengthen and support families to prevent child abuse and neglect; and
5. financing public information activities that focus on the healthy and positive development of parents and children and promotion of child abuse and neglect prevention activities.

CAPTA State Grant Program Purposes

Section 106 of CAPTA provides that the CAPTA State Grants are to be awarded for purposes of assisting the States in improving the child protective services system of each such State in—

1. the intake, assessment, screening, and investigation of reports of child abuse or neglect;
2.
 - creating and improving the use of multidisciplinary teams and interagency, intra-agency, interstate, and intrastate protocols to enhance investigations; and
 - improving legal preparation and representation, including—
 - procedures for appealing and responding to appeals of substantiated reports of child abuse or neglect; and
 - provisions for the appointment of an individual appointed to represent a child in judicial proceedings;
3. case management, including ongoing case monitoring, and delivery of services and treatment provided to children and their families;
4. enhancing the general child protective system by developing, improving, and implementing risk and safety assessment tools and protocols, including the use of differential response;
5. developing and updating systems of technology that support the program and track reports of child abuse and neglect from intake through final disposition and allow interstate and intrastate information exchange;
6. developing, strengthening, and facilitating training including—
 - training regarding research-based strategies, including the use of differential response, to promote collaboration with the families;
 - training regarding the legal duties of such individuals;
 - personal safety training for case workers; and
 - training in early childhood, child, and adolescent development;
7. improving the skills, qualifications, and availability of individuals providing services to children and families, and the supervisors of such individuals, through the child protection system, including improvements in the recruitment and retention of caseworkers;
8. developing, facilitating the use of, and implementing research-based strategies and training protocols for individuals mandated to report child abuse and neglect;
9. developing, implementing, or operating programs to assist in obtaining or coordinating necessary services for families of disabled infants with life-threatening conditions, including—
 - existing social and health services;
 - financial assistance;
 - services necessary to facilitate adoptive placement of any such infants who have been relinquished for adoption; and
 - the use of differential response in preventing child abuse and neglect;

10. developing and delivering information to improve public education relating to the role and responsibilities of the child protection system and the nature and basis for reporting suspected incidents of child abuse and neglect, including the use of differential response;
11. developing and enhancing the capacity of community-based programs to integrate shared leadership strategies between parents and professionals to prevent and treat child abuse and neglect at the neighborhood level;
12. supporting and enhancing interagency collaboration between the child protection system and the juvenile justice system for improved delivery of services and treatment, including methods for continuity of treatment plan and services as children transition between systems;
13. supporting and enhancing interagency collaboration among public health agencies, agencies in the child protective service system, and agencies carrying out private community-based programs—
 - to provide child abuse and neglect prevention and treatment services (including linkages with education systems), and the use of differential response; and
 - to address the health needs, including mental health needs, of children identified as victims of child abuse or neglect, including supporting prompt, comprehensive health and developmental evaluations for children who are the subject of substantiated child maltreatment reports; or
14. developing and implementing procedures for collaboration among child protective services, domestic violence services, and other agencies in—
 - investigations, interventions, and the delivery of services and treatment provided to children and families, including the use of differential response, where appropriate; and
 - the provision of services that assist children exposed to domestic violence, and that also support the caregiving role of their non-abusing parents.
