

Strategies Technical Assistance: Launch of California Prevention Planning Teams

Strategies Technical Assistance Vision

Strategies Technical Assistance (TA) was funded to provide technical assistance to prevention planning teams (PPT) across the state, utilizing **\$899,655 in CBCAP dollars**. The Strategies TA team consists of Prevent Child Abuse California and the Children’s Bureau of Southern California. Strategies TA supports and inspires **cross-sector networks** throughout California to advance a **community-driven commitment** to strengthen children and families through a lens of **equity and inclusion**.

VISION MISSION PARTNERSHIP PLANNING

Prevention Planning Team Example: Sacramento County

Team Membership: Child Welfare, Child Abuse Prevention Council, Community-Based Organizations

Prevention Goal: Eliminate child abuse and neglect deaths and critical injuries by 2030.

Timeline of activities:

2019

- Environmental scan of services and resources
- Community needs data review
- Collaborative application for “Child Safety Forward” grant from the US Department of Justice

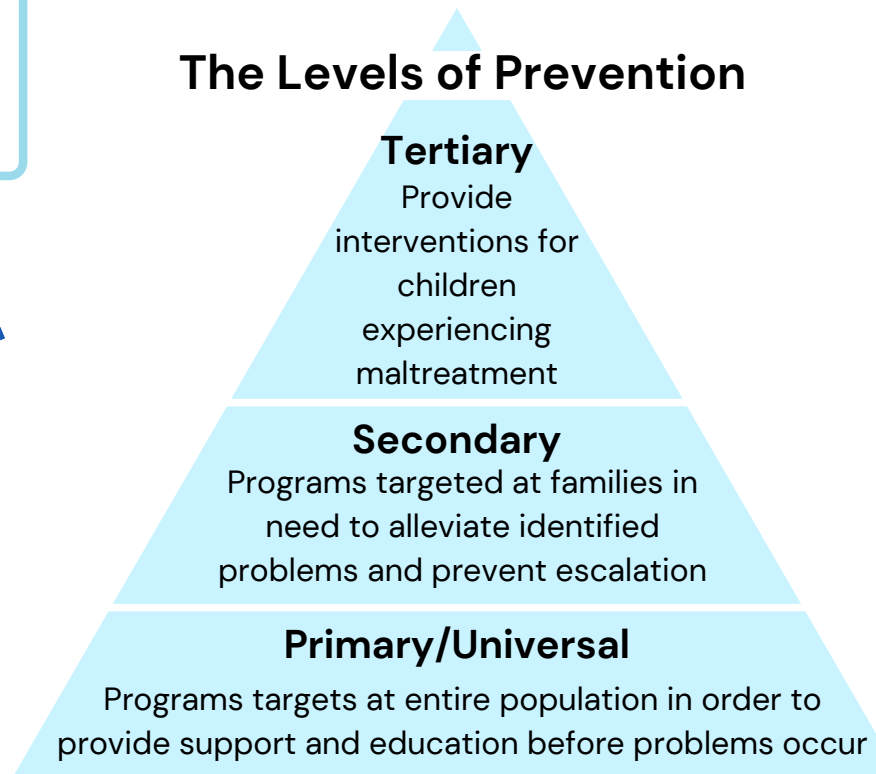

2020

- “Child Safety Forward” grant awarded
- Developed shared Prevention Goal (above)
- Developed and refined a multi-sector Theory of Change, data to assess disproportionality, and plans for implementation, evaluation, and sustainability

2021

- Focus on plan implementation

The Levels of Prevention

Why create a County Prevention Planning Team?

A PPT offers a county the unique opportunity to address the specific needs of vulnerable populations in an inclusive and comprehensive manner, focusing on primary and secondary prevention. In California, **24 of 58 counties** now have a PPT and are working towards their unique prevention goals!
