Parent Education

The Goal:
more positive in your days.

Developing Positive Relationships

Encouraging Desirable Behavior

**Managing Misbehavior**

Teaching New Skills and Behaviors

Self-regulation

Principle of parent self-regulation

Broad Research Base

More than 35 years of ongoing research

Triple P
Positive Parenting Program ®
*for every parent*

One of the most effective evidence based parenting programs in the world.

Translated into 21 languages.

Has been shown to work across cultures, socio-economic groups and in different kinds of family structures.

Population Level Effects

The CDC funded a trial in South Carolina introducing Triple P into 9 counties and comparing outcomes with 9 similar counties with care as usual. The results for the Triple P counties:

- Fewer injury-related ER visits
- Fewer out of home placements
- Fewer (slower growth) of substantiated cases of maltreatment

What is DAISEY?

DAISEY is a shared measurement system designed by social scientists to help communities see the difference they are making in the lives of children, youth, and families.

Why Invest in data system?

1. Makes reporting easier

2. Fidelity monitoring

3. Tracking implementation

4. Tracking outcomes

5. Statewide data on prevention efforts
